MEMORANDUM FOR DR. WHEELON, DDS&T

SUBJECT: Access by Drell Committee to Material

Confirming our conversations this morning, and as set forth in my memorandum of 18 November 1963, I agree that the Drell Committee should have access to all of the photography from the [] system for such analyses as they wish to have made. The Committee can also have for their use the results of any analyses of this material that have been performed by the NRO or have been delivered to the NRO by the contractor.

25X1

We will not at this time arrange for a detailed examination of the [] hardware by the Committee.
